

## HRG Memorandum 15-03

**To:** KEHP Human Resource Generalists (HRGs)  
**From:** Department of Employee Insurance (DEI)  
**Re:** Compass SmartShopper Program  
**Date:** January 13, 2015

KEHP is keeping the Compass SmartShopper Program going! If you have not advertised this program to your members, they could be missing out on huge savings. Attached is updated information on the program you can post to your website or members can find on KEHP's website at [Prevention Discounts](#).

SmartShopper has update pricing based on Anthem's network. Members may proactively shop these options in two ways either by calling 1-855-869-2133 or logging on to the website at [www.compassmartshopper.com](http://www.compassmartshopper.com). Members should have their Anthem ID member number available. Members who have shopped with SmartShopper before will **need to re-register with their new Anthem ID number**.

All KEHP members are encouraged to shop cost information for common healthcare procedures and diagnostic tests in their area. By using cost-effective locations, it allows members to be informed and empowered to save on their co-insurance and earn incentives based on the savings. Once earned, incentive checks will be directly mailed to the members 45-60 days after the procedure is completed. All shopping transactions are confidential and the decision remains the member's choice. We encourage members to shop to be informed and choose a cost effective location to responsible and get rewarded for being a SmartShopper.

This year SmartShopper is partnering with Anthem on the Radiology Outreach Program.

Please send all inquiries for speaking opportunities, demos, health fairs and any general questions to the SmartShopper local representative:
